

Why Choose **W-Industries?**

W-Industries **By The Numbers**

800+ team members

35+ year legacy of innovation & proven solutions

500,000ft² of combined engineering, manufacturing and service space across the Gulf Coast

- Integrated approach streamlines processes, reduces risk, and aligns complementary technologies
- Offerings span the entire life cycle from concept to commissioning and beyond
- Every concept and design is fabricated in our state of the art manufacturing and fabrication spaces
- Each solution is tailored and customized to individual project requirements and needs
- Clients work with a single project management point of contact reducing level of effort on customer-side

INNOVATING EFFICIENT SYSTEMS FOR A SUSTAINABLE FUTURE

Our focus on creating state-of-the-art, innovative systems empowers our customers to more efficiently consume resources, reducing their impact on the environment and the communities where they live and operate.

Turnkey Offerings

W-Industries delivers complete solutions across project lifecycles from FEED to commissioning and start up, as well as continued service and maintenance programs throughout the life of the facility or field. We produce innovative, cost-effective, and on-schedule projects with the highest Quality and HSE standards.

Technology Solutions

W-Industries offers custom control and automation solutions built on secure, industrial platforms.

- Hardware Agnostic Control, SCADA and Data Management Systems
- Fully Integrated Process Control and Safety Instrumented Systems
- CCTV, Access Control and Security Systems
- IT/OT, System Hardening and Networking Infrastructure Services
- Cybersecurity Regulatory and Standard Compliance Consulting
- Industrial Cybersecurity Auditing and Monitoring
- Remote Visualization and Data Dashboarding
- 24/7 On-call Support and Remote, Real-time Troubleshooting

Integrated Systems

W-Industries manufactures and fabricates solutions that support integrated system needs throughout various industries.

- Hydraulic Power Units (HPUs)
- Chemical Injection Units
- Utility Air / Nitrogen Generation
- ASME Pressure Vessels:
 - Multiphase Separators
 - Flare Scrubbers

Electrification

W-Industries' identifies the best equipment for a system's requirements and manufactures it to client specifications, while utilizing preferred OEMs.

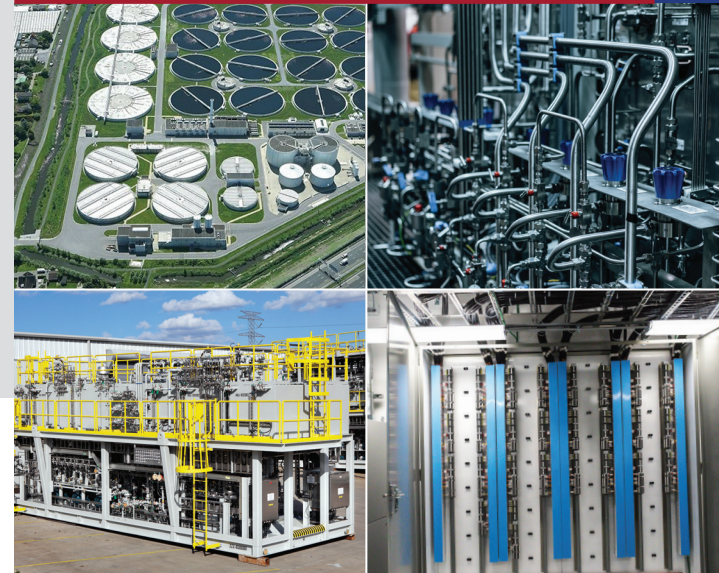

- Low and Medium Voltage Products
- Conventional and Arc Resistant Solutions
- UL 508 and 891 Custom Designs
- PDCs, EECs, RIEs, and Blast Enclosures

Field Services

W-Industries offers field services to assist our clients with onsite job needs.

- Manufacturing & Fabrication
- Instrumentation
- Electrical
- Mechanical
- Structural and Piping
- Commissioning & Testing
- Start-up
- Maintenance
- Data/Comms
- A/C Installation & Repair
- Equipment Rental
