

Turnkey Offerings

W-Industries delivers complete solutions across industrial project lifecycles from FEED to commissioning and start up, as well as upgrades, continued service and maintenance programs. Our in-house, fully integrated offerings enable our team to produce innovative, cost-effective, and on-schedule, engineer-driven projects with the highest Quality and HSE standards.

Why Choose W-Industries?

- Integrated approach streamlines processes, reduces risk, and aligns complementary technologies
- Offerings span the entire life cycle from concept to commissioning and beyond
- Every concept and design is fabricated in our state of the art manufacturing and fabrication spaces
- Each solution is tailored and customized to individual project requirements and needs
- Clients work with a single project management point of contact reducing level of effort on customer-side

INNOVATING EFFICIENT SYSTEMS FOR A SUSTAINABLE FUTURE

Our focus on creating state-of-the-art, innovative systems for distribution empowers our customers to more efficiently consume resources, reducing their impact on the environment and the communities where they live and operate.
